

Kia ora e te whānau,

Happy Birthday to ART! As of 10th of June, your community radio station has been on the air for 14 whole years! Just imagine

the number of voices we've shared over that time...and it seems there's plenty more to come.

May was NZ Music Month, so Kris auditioned plenty of new Kiwi music on Kris's Picks. We've had heaps of visitors to the station, plenty of inspiring kōrero, and the birth of some truly excellent new shows. We can't tell you about the ones that are still in the pipeline, but here's a taste...

New Show Alert

Una Lloradita, y a Seguir

Meet Clarisa and María, Kiwis who hail from beautiful Argentina. They are delighted to be launching their new, Spanish language show, Una Lloradita, y a Seguir. The name means "A little cry, then keep going". If these ladies are as insightful and entertaining in Spanish as they are in English, you're in for a real treat!

Wednesdays at 5pm, and on demand anytime.

Milestones

Josh's Broadcast

Awesome work Josh for getting to a huge 50 episodes since 2020! Amazing to think Josh was at primary school when he started. We blinked and he's already at highschool!

Colours of the Heart

Congratulations to Rex for racking up 150 episodes since 2021! Rex scours the world to bring you guests with interesting perspectives on life.

Making Yourself at Home

This show was originally started in 2018. After a short period of hibernation, the baton was handed on, and the show is now celebrating 150 episodes in its current iteration. Tune in to meet new New Zealanders who are making themselves at home, right here in Taranaki.

Focus on:

The Swiss Music Show

Originally started in 2014, this show is a global collaboration between Andre Manella (a Swiss-born Taranaki musician), and Fredi Hallauer (music-lover and journalist, based in Switzerland). Fredi supplies Andre with new Swiss music and interviews

every week. The music can be in any language, any genre...but it's all Swiss!

June 2024

Foreign Language Shows

Here at ART we are delighted to currently be presenting local shows in **Samoan** (Ta Talanoa), **Korean** (Kowi Corner), **Spanish** (Una Lloradita, Y A Seguir), and **Swiss** (The Swiss Music Show). If your language is not represented, you can search up podcasts by any language on accessmedia.nz. This is the collaborative site for all 12 stations, and between us you're likely to find a match for your community. Or, why not make your own?

Parking

Hopefully you all know about the 3 hours of free parking available under the building for when you visit any Top Town business. We think it's an amazing bonus to be able to park for free when visiting the station. Please note that a new, automated camera system is now installed to police this, and you WILL get an \$85 fine for overstaying the 3 hours. Note – we have no control over this!

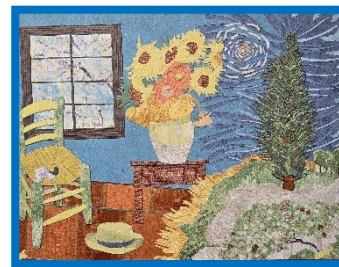

Podcast Profile Forms

A quick reminder to fill out one of these for every recording or live show. These provide the description for each episode on all podcasting platforms. Found on a clipboard in each studio.

Art for ARTspace

This month's featured artist is Norine Ford-Dixon, with her gorgeous, quirky collage work. Come and check it out when you're in, as the photos really don't do it justice!

That's all for this month.
Mā te wā,

Anne, Evie, Kris, Michelle, and Phill
